

A new **Low cost Counseling** service by a qualified and registered counselor, will be on offer at *Sruleen Parish Centre*. To enquire about the service, please call: Dorota at 085-8083656 or email: [dlachtherapy@gmail.com](mailto:dlachtherapy@gmail.com)"

The 'Share' 2<sup>nd</sup> collection this weekend (20<sup>th</sup> - 21<sup>st</sup> Sept.) is being replaced by the annual collection for 'Crosscare,' the Diocesan agency that does such good and vital work with the marginalized and those most in need in the areas of accommodation, meals & food provision, counseling, youth services, migrant support etc. The monthly *SVP* retiring collection will also be taken up after Mass. Thanking you in advance, for your as always very generous contributions to such causes.

**Mass cards** and the booking of Masses will be available from the sacristy after each Mass. If you require a certain date, please book well in advance to guarantee your preference.

If you have a friend or neighbour who cannot attend Church, please drop in to them with the **weekly parish bulletin**, so they can keep connected with the parish. Also, please let us know of anyone who is sick or in hospital.

We can all have valid reasons for being late for Mass every now and again, but when it's a consistent pattern, the fault more than likely lies within ourselves. Please try and arrive at Church **at least five minutes before Mass begins**, so as to adequately prepare yourself for the "*Mystery you are about to celebrate*," and to avoid distracting celebrants and fellow worshippers.

The **Wednesday Morning class Masses** began last week with the 6<sup>th</sup> year class, their teachers and *SNA's* in attendance. They were all a credit to the school and their families, in the way they prepared and participated in the Eucharist.

### On The Lighter Side!

A man was driving along the highway, and saw a rabbit hopping across the middle of the road. He swerved to avoid hitting the rabbit, but unfortunately the rabbit jumped in front of the car and was hit. The driver, being a sensitive man as well as an animal lover, pulled over to the side of the road and got out to see what had become of the rabbit. Much to his dismay, the rabbit was dead. The driver felt so awful he began to cry. A woman driving down the highway saw the man crying on the side of the road and pulled over. She stepped out of her car and asked the man what was wrong. "I feel terrible," he explained. "I accidentally hit this rabbit and killed it." The woman told the man not to worry. She knew what to do. She went to her car boot and pulled out a spray can. She walked over to the limp, dead rabbit, and sprayed the contents of the can onto the rabbit. Miraculously, the rabbit came to life, jumped up, waved its paw at the two humans and hopped down the road. 50 feet away the rabbit stopped, turned around, waved at the two again, hopped down the road another 50 feet, turned, waved, and hopped another 50 feet. The man was astonished. He couldn't figure out what substance could be in the woman's spray can! He ran over to the woman and demanded, "What was in your spray can? What did you spray onto that rabbit?" The woman turned the can around so that the man could read the label. It said: "Hare Spray' Restores Life to Dead Hare. Adds Permanent Wave."
