### DAY FOR LIFE 2026

Today, **Sunday 21<sup>st</sup> June**, the Church across Ireland celebrates a *Day for Life* on the theme: '**The humanity of the unborn child**,' which invites us to reflect on the wonder of human life from the moment of conception. We remember how the Lord Jesus Christ Himself sanctified and experienced the beginning of life in the world as an unborn child, hidden in the womb of Mary. **Mary knew that she was carrying the Son of God** - God and man -

as soon as He was conceived. John the Baptist leapt in his mother Elizabeth's womb, when Mary greeted her. Our Lady treasured Our Lord in her heart and womb until His birth. To read the full bishops' message visit [www.councilforlife.ie](http://www.councilforlife.ie)

### ON THE LIGHTER SIDE!

Two college students have their most important final exam on their last week on campus. But they chose to spend the week partying instead. So, in their drunken stupor, after realising how badly they messed up, they beg their professor to give them an extra day for the exam. Even though sceptical, they told him that they had a flat tyre on the way to university, and couldn't reach the exam hall in time. So he agreed. The two students spend the entire day cramming down every last possible detail of their class. When they come in the next day, the professor tells them that they'll need to take the exam in separate classrooms. Perplexed by this, the students nevertheless agree and sit down, each in their own classroom. "*For 5 points, describe the structure of the atom and all its properties,*" was the first question. The students, after seeing this, regain their confidence and think that this exam will be a piece of cake. After they write out all they know about the atom, they then turn the page. "*For 95 points, tell me which tyre it was.*"
