"Mary's will does not differ from the will of God. Calling upon her without reserve, you manifest a love for the will of God, for her will is so perfect that in nothing does it differ from His. Thus you give glory to God that He created so perfect a creature and took her for His Mother. You are hers: let yourself be led by the Immaculate."

(St Maximilian Kolbe, Feast Day 14th August)

St. Maximilian Kolbe

ON THE LIGHTER SIDE!

It was autumn, and the **Native Americans** on the remote reservation, asked their new chief if the winter was going to be cold or mild. Since he was an Indian Chief in a modern society, he had never been taught the old secrets. When he looked at the sky, he couldn't tell what the weather was going to be like. Nevertheless, to be on the safe side, he replied to his tribe, that the **winter was indeed going to be cold** and that the members of the reservation should collect firewood so as to be prepared. Also, being a practical leader, after several days he had an idea. He phoned the **National Weather Service** and asked, *"Is the coming winter going to be cold?"* *"It looks like this winter is going to be quite cold indeed,"* the meteorologist at the weather service responded. So the Chief went back to his people and told them to collect even more wood in order to be prepared. A week later, he called the **National Weather Service** again. *"Is it going to be a very cold winter?"* *"Yes,"* the guy at the **National Weather Service** again replied, *"it's definitely going to be a very cold winter."* The Chief again went back to his people and ordered them to collect every scrap of wood they could find. Two weeks later, he called the **National Weather Service** again. *"Are you absolutely sure that the winter is going to be very cold?"* *"Absolutely,"* the man replied. *"It's going to be one of the coldest winters ever."* *"How can you be so sure?"* the Chief asked. The weatherman replied, *"Those Indians in the reservation are collecting wood like crazy!"*
